

Baicalin

Cat. No. CEGZ-50070

Lot. No. (See product label)

Introduction

Description

Baicalin is a flavone glycoside isolated from the root of *Scutellaria baicalensis* Georgi, supplied as a light yellow fine powder standardized to 80-95% by HPLC.

Applications

Pharmacological research on inflammation, oxidative stress and cerebrovascular function Development of functional cosmetic and skincare ingredients Antibacterial and free-radical-scavenging studies

Product Information

Appearance

Light yellow fine powder

Form

Powder

CAS No.

21967-41-9

Molecular Formula

C₂₁H₁₈O₁₁

Molecular Weight

446.4

Purity

80%-95% (HPLC)

Notes

For research and development use only.

Storage and Shipping Information

Storage

Store in a tightly closed container in a cool, dry place.
