

Lauric Acid

Cat. No. CEGZ-50135

Lot. No. (See product label)

Introduction

Description

Lauric Acid is a saturated medium-chain fatty acid supplied as white acicular crystals for industrial and food use.

Applications

Raw material for alkyd resins, wetting agents and surfactants Detergent and cosmetic formulations Food additive production

Synonyms

Dodecanoic acid

Product Information

Appearance

White acicular crystals

Form

Powder

CAS No.

143-07-7

Molecular Formula

C₁₂H₂₄O₂

Molecular Weight

200.32

Purity

USP / in-house standard

Notes

For research and development use only.

Storage and Shipping Information

Storage

Store in a tightly closed container in a cool, dry place.
