Trisodium Phosphate

Cat. No. CEGZ-50176

Lot. No. (See product label)

Introduction

Description	Trisodium phosphate is a strongly alkaline phosphate salt supplied as a white crystalline powder or granules with high water solubility. The product complies with FCC requirements.
Applications	Used as an acidity regulator, emulsifier, water-retention agent, and quality improver in food processing; also used in cleaning formulations and water treatment.
Synonyms	Trisodium orthophosphate; Sodium phosphate tribasic; TSP

Product Information

Appearance	White crystalline powder or granules
Form	Powder
CAS No.	7601-54-9
Molecular Formula	Na3O4P
Molecular Weight	163.941
Purity	Food grade (FCC)
Notes	For research and development use only.

Storage and Shipping Information

Storage	Store in a tightly closed container in a cool, dry place.
