Copper Methionine

Cat. No. CEGZ-50217

Lot. No. (See product label)

Introduction

Description	Copper methionine is a copper-amino acid chelate supplied as a light blue powder that is slightly soluble in water. The product has an assay of not less than 99.0% and a copper content of not less than 17.0%.
Applications	Used as a feed additive providing highly bioavailable organic copper in livestock, poultry, and aquaculture diets.
Synonyms	Copper methionine chelate; Copper methionate

Product Information

Appearance	Light blue powder
Form	Powder
CAS No.	N/A
Molecular Formula	Cu(C5H10NO2S)2
Molecular Weight	360.94
Purity	≥99.0%; Cu ≥17.0%
Notes	For research and development use only.

Storage and Shipping Information

Storage	Store in a tightly closed container in a cool, dry place.
