

## Adefovir Dipivoxil(Preveon, Hepsera)

Cat. No. CEI-0249

Lot. No. (See product label)

### Introduction

**Description** Adefovir Dipivoxil(Preveon, Hepsera) works by blocking reverse transcriptase, an enzyme that is crucial for the hepatitis B virus (HBV) to reproduce in the body.

**Synonyms** Bis-POM PMEA, Preveon, Hepsera

### Product Information

**CAS No.** 142340-99-6

**Molecular Formula** C<sub>20</sub>H<sub>32</sub>N<sub>5</sub>O<sub>8</sub>P

**Molecular Weight** 501.47

**Purity** >99%

**Targets** hepatitis B virus

**Solubility** DMSO 100 mg/mL, Water

### Storage and Shipping Information

**Storage** 2 years at -20 centigrade
