# Rapidase Revelation Aroma (AR2000) from Aspergillus niger

*Cat. No. FJE-1021*

*Lot. No.* (See product label)

## Introduction

| | |
|---|---|
| ***Description*** | Rapidase Revelation Aroma Is a microgranulated pectolytic enzyme preparation with the four essential α and ß-glycosidases activities. Rapidase Revelation Aroma allows for enhanced release of aroma precursors contained in white and red wines. Its use allows obtaining wines with an intense and multi dimensional bouquet. |
| ***Applications*** | Enzyme for fast, early release of varietal aroma precursors in wine. |
| ***Synonyms*** | Rapidase Revelation Aroma; Rapidase AR2000; Rapidase; glycosidase |

## Product Information

| | |
|---|---|
| ***Source*** | Aspergillus niger |
| ***pH Stability*** | 2.8 to 5.0 |

## Storage and Shipping Information

| | |
|---|---|
| ***Storage*** | To be stored in a dry cool place between 5 and 15°C |
