

## Esterase–polyethylene glycol

Cat. No. NATE-1582

Lot. No. (See product label)

### Introduction

#### Description

Enzyme PEG conjugate was made from by the covalent attachment of PEG 5000 to the enzyme molecule via its amino groups. Conjugate is provided in lyophilized powder form.

#### Synonyms

Esterase–PEG; PEG-Esterase

### Product Information

#### Form

Lyophilized powder

### Usage and Packaging

#### Package

Package size based on protein content

### Storage and Shipping Information

#### Storage

Store at -20°C
