

## **AZD2461**

Cat. No. CEI-1230

Lot. No. (See product label)

## Introduction

**Description** AZD2461 is a novel inhibitor of PARP.

## **Product Information**

*CAS No.* 1174043-16-3

Molecular Formula C22H22FN3O3

**Chemical Name** 4-[[4-fluoro-3-(4-methoxypiperidine-1-carbonyl)phenyl]methyl]-2H-phthalazin-1-one

Molecular Weight 395.43

**Purity** 0.98

Targets PARP

**Soluble** in DMSO > 10 mM

## Storage and Shipping Information

**Storage** Store at -20°C

**Shipping Conditions** Evaluation sample solution: ship with blue ice. All other available size: ship with RT,

or blue ice upon request
