

## Elacridar hydrochloride

Cat. No. CEI-1322

Lot. No. (See product label)

### Introduction

**Synonyms** GF 120918A; GF120918A; GF-120918A

### Product Information

**CAS No.** 143851-98-3

**Molecular Formula** C<sub>34</sub>H<sub>34</sub>ClN<sub>3</sub>O<sub>5</sub>

**Chemical Name** N-[4-[2-(6,7-dimethoxy-3,4-dihydro-1H-isoquinolin-2-yl)ethyl]phenyl]-5-methoxy-9-oxo-10H-acridine-4-carboxamide; hydrochloride

**Molecular Weight** 600.1

**Purity** 0.98

**Targets** BCRP; P-GP

**Solubility** Soluble in DMSO > 10 mM

### Storage and Shipping Information

**Storage** Store at -20°C

**Shipping Conditions** Evaluation sample solution: ship with blue ice. All other available size: ship with RT, or blue ice upon request
