

Fenretinide

Cat. No. CEI-1337

Lot. No. (See product label)

Introduction

Description Fenretinide is a synthetic retinoid derivative.

Synonyms 4-HPR; (4-Hydroxyphenyl)retinamide

Product Information

CAS No. 65646-68-6

Molecular Formula C₂₆H₃₃NO₂

Chemical Name (2E,4E,6E,8E)-N-(4-hydroxyphenyl)-3,7-dimethyl-9-(2,6,6-trimethylcyclohexen-1-yl)nona-2,4,6,8-tetraenamide

Molecular Weight 391.55

Purity 0.9866

Targets RAR

Solubility Soluble in DMSO > 10 mM

Storage and Shipping Information

Storage Store at -20°C

Shipping Conditions Evaluation sample solution: ship with blue ice. All other available size: ship with RT, or blue ice upon request
