

## Beer blend enzyme

Cat. No. BER-1514

Lot. No. (See product label)

### Introduction

#### Description

This product is superior stains by submerged fermentation and the advanced after the extraction process compound enzyme preparation of beer. It contain - dextranase ,xylanase ,cellulose  $\alpha$ -amylase ,glycogen phosphorylase ,proteolytic enzyme Etc. A variety of enzyme integrated to improve saccharification , improve the filtration rate.

#### Applications

1 、 Saccharification of raw material to improve the efficiency of utilization and production, increase the yield of saccharification , reduce costs. 2 、 Reduce wort viscosity, improve wort and beer filtration the efficiency and quality . 3 、 Enhance protein degr

#### Synonyms

Beer blend enzyme; saccharification enzyme; saccharification; improve wort; beer filtration; beer filtration enzyme; protein degradation enzyme; protein degradation; Beer blend enzyme; BER-1513

### Product Information

#### Appearance

powder

### Usage and Packaging

#### Package

25kg/barrel or subject to client requirement.
