Nesbuvir

Cat. No. CEI-1443

Lot. No. (See product label)

Introduction

Description	Nesbuvir is a selective inhibitor of HCV NS5B RNA-dependent RNA polymerase.
Synonyms	HCV 796; HCV-796; HCV796,Nesbuvir

Product Information

CAS No.	691852-58-1
Molecular Formula	C22H23FN2O5S
Chemical Name	5-cyclopropyl-2-(4-fluorophenyl)-6-[2-hydroxyethyl(methylsulfonyl)amino]-N-methyl-1-benzofuran-3-carboxamide
Molecular Weight	446.49
Purity	98.81%
Targets	HCV NS5B RNA-dependent RNA polymerase
Solubility	Soluble in DMSO

Storage and Shipping Information

Storage	Store at -20°C
Shipping Conditions	Evaluation sample solution: ship with blue ice. All other available size: ship with RT, or blue ice upon request
