

## PSI-6206

Cat. No. CEI-1488

Lot. No. (See product label)

### Introduction

**Description** PSI-6206 (RO2433) is a selective inhibitor of HCV RNA polymerase.

### Product Information

**CAS No.** 863329-66-2

**Molecular Formula** C<sub>10</sub>H<sub>13</sub>FN<sub>2</sub>O<sub>5</sub>

**Chemical Name** 1-[(2R,3R,4R,5R)-3-fluoro-4-hydroxy-5-(hydroxymethyl)-3-methyloxolan-2-yl]pyrimidine-2,4-dione

**Molecular Weight** 260.22

**Purity** 0.9952

**Targets** HCV

**Solubility** Soluble in DMSO

### Storage and Shipping Information

**Storage** Store at -20°C

**Shipping Conditions** Evaluation sample solution: ship with blue ice. All other available size: ship with RT, or blue ice upon request
