

## Reparixin

Cat. No. CEI-1496

Lot. No. (See product label)

### Introduction

**Synonyms** Repertaxin; DF 1681Y

### Product Information

**CAS No.** 266359-83-5

**Molecular Formula** C<sub>14</sub>H<sub>21</sub>NO<sub>3</sub>S

**Chemical Name** (2R)-2-[4-(2-methylpropyl)phenyl]-N-methylsulfonylpropanamide

**Molecular Weight** 283.39

**Purity** 0.9987

**Targets** CXCL8 receptor; CXCR1/CXCR2 activation

**Solubility** Soluble in DMSO

### Storage and Shipping Information

**Storage** Store at -20°C

**Shipping Conditions** Evaluation sample solution: ship with blue ice. All other available size: ship with RT, or blue ice upon request
