

Reparixin

Cat. No. CEI-1496

Lot. No. (See product label)

Introduction

Synonyms Repertaxin; DF 1681Y

Product Information

CAS No. 266359-83-5

Molecular Formula C₁₄H₂₁NO₃S

Chemical Name (2R)-2-[4-(2-methylpropyl)phenyl]-N-methylsulfonylpropanamide

Molecular Weight 283.39

Purity 99.87%

Targets CXCL8 receptor; CXCR1/CXCR2 activation

Solubility Soluble in DMSO

Storage and Shipping Information

Storage Store at -20°C

Shipping Conditions Evaluation sample solution: ship with blue ice. All other available size: ship with RT, or blue ice upon request
