

Native Snake Venom Carinactivase

Cat. No. NATE-1605

Lot. No. (See product label)

Introduction

Synonyms CA-1; Prothrombin activator

Product Information

Source Snake Venom

Form Liquid, Solution in 50% glycerol (w/v)

Molecular Weight 55000

Purity > 90% (SDS-PAGE)

Concentration > 10 mg/mL

Storage and Shipping Information

Storage at -20°C Note: Do not freeze.

Stability 1 year
