

Native *Aspergillus oryzae* Lipase (Solution)

Cat. No. NATE-1610

Lot. No. (See product label)

Introduction

Description

Triacylglycerol lipase is an enzyme with system name triacylglycerol acylhydrolase. This enzyme catalyses the following chemical reaction: triacylglycerol + H₂O ↔ diacylglycerol + a carboxylate.

Synonyms

Lipolase 100L

Product Information

Source

Aspergillus oryzae

Form

Solution

EC Number

EC 3.1.1.3

CAS No.

9001-62-1

Activity

>100 U/mg

Storage and Shipping Information

Storage

2-8°C
