

## N-[3-(2-Furyl)acryloyl]-Phe-Gly-Gly

Cat. No. CSUB-0076

Lot. No. (See product label)

## Introduction

Applications N-[3-(2-Furyl)acryloyl]-Phe-Gly-Gly has been used for kinetic spectrophotometric assay of ACE

(angiotensin converting enzyme) inhibitory activity.

**Synonyms** FAPGG; N-[3-(2-Furyl)acryloyl]-L-phenylalanyl-glycyl-glycine

## **Product Information**

*CAS No.* 64967-39-1

**Molecular** C20H21N3O6

Formula

**Molecular** 399.40

Weight

Amino Acid FA-Phe-Gly-Gly

Sequence

**Substrates** Angiotensin Converting Enzyme

## Storage and Shipping Information

**Storage** -20°C

**Tel:** 1-631-562-8517 1-516-512-3133
