

## Collagen Type II-FITC Conjugate from bovine articular cartilage

Cat. No. CSUB-0187

Lot. No. (See product label)

Introduction

**Applications** Substrate for assaying mammalian collagenase activity in cell culture.

**Product Information** 

**Form** solution

**Concentration** ~1 mg/mL

**Substrates** Collagenase Substrates

Storage and Shipping Information

*Storage* -20°C

**Shipping Conditions** wet ice
