

O-(4-Nitrophenylphosphoryl)choline

Cat. No. CSUB-0474

Lot. No. (See product label)

Introduction

Applications

Reported to be useful in assay of Phospholipase C.

Synonyms

p-Nitrophenylphosphorylcholine; NPPC; Phosphocholine 4-nitrophenyl ester

Product Information

CAS No.

21064-69-7

Molecular Formula

C₁₁H₁₇N₂O₆P

Molecular Weight

304.24

Substrates

Phospholipase C

Storage and Shipping Information

Storage

-20°C
