

## O-(4-Nitrophenylphosphoryl)choline

Cat. No. CSUB-0474

Lot. No. (See product label)

### Introduction

**Applications** Reported to be useful in assay of Phospholipase C.

**Synonyms** p-Nitrophenylphosphorylcholine; NPPC; Phosphocholine 4-nitrophenyl ester

### Product Information

**CAS No.** 21064-69-7

**Molecular Formula** C<sub>11</sub>H<sub>17</sub>N<sub>2</sub>O<sub>6</sub>P

**Molecular Weight** 304.24

**Substrates** Phospholipase C

### Storage and Shipping Information

**Storage** -20°C
