Cathepsin D Substrate I

Cat. No. CSUB-0498

Lot. No. (See product label)

Introduction

Synonyms	Bz-RGFFP-4-MeOβNA; HCl

Product Information

Form	White lyophilized solid
Purity	>95% by HPLC
Toxicity	Standard Handling
Substrates	Protease
Excitation max.	~345 nm
Emission max.	~425 nm
Primary target	Substrate for the determination of cathepsin D activity

Storage and Shipping Information

Storage	-20C
Shipping Conditions	ambient
