

MMP-1 Substrate III, Fluorogenic

Cat. No. CSUB-0502

Lot. No. (See product label)

Product Information

Form	Yellow solid
Formulation	Supplied as a trifluoroacetate salt.
Purity	>94% by HPLC
Toxicity	Standard Handling
Substrates	Protease
Excitation max.	~365 nm
Emission max.	~450 nm
Primary target	Quenched fluorescence substrate for MMP-1

Storage and Shipping Information

Storage	-20C
Shipping Conditions	ambient
