

Proteasome Substrate II, Fluorogenic

Cat. No. CSUB-0506

Lot. No. (See product label)

Introduction

Synonyms Z-LLE-AMC

Product Information

Form	White solid
CAS No.	348086-66-8
Purity	>98% by HPLC
Toxicity	Standard Handling
Substrates	Protease
Excitation max.	~380 nm
Emission max.	~460 nm
Primary target	Fluorogenic proteasome substrate

Storage and Shipping Information

Storage	-20C
Shipping Conditions	ambient
