TNPAL-Sphingomyelin

Cat. No. CSUB-0561

Lot. No. (See product label)

Introduction

Applications	TNPAL-Sphingomyelin was used as substrate to determine the activity of sphingomyelinase spectrophotometrically.
Synonyms	Trinitrophenylaminolauroylsphingomyelin

Product Information

CAS No.	117985-56-5
Molecular Formula	C41H73N6O12P
Molecular Weight	873.03
Concentration	1 mg/mL in chloroform/methanol (2:1)
Substrates	Sphingomyelinase

Storage and Shipping Information

Storage	-20°C
