

## TNPAL-Sphingomyelin

Cat. No. CSUB-0561

Lot. No. (See product label)

### Introduction

**Applications** TNPAL-Sphingomyelin was used as substrate to determine the activity of sphingomyelinase spectrophotometrically.

**Synonyms** Trinitrophenylaminolauroylsphingomyelin

### Product Information

**CAS No.** 117985-56-5

**Molecular Formula** C<sub>41</sub>H<sub>73</sub>N<sub>6</sub>O<sub>12</sub>P

**Molecular Weight** 873.03

**Concentration** 1 mg/mL in chloroform/methanol (2:1)

**Substrates** Sphingomyelinase

### Storage and Shipping Information

**Storage** -20°C
