

TNPAL-Sphingomyelin

Cat. No. CSUB-0561

Lot. No. (See product label)

Introduction

Applications TNPAL-Sphingomyelin was used as substrate to determine the activity of sphingomyelinase spectrophotometrically.

Synonyms Trinitrophenylaminolauroylsphingomyelin

Product Information

CAS No. 117985-56-5

Molecular Formula C₄₁H₇₃N₆O₁₂P

Molecular Weight 873.03

Concentration 1 mg/mL in chloroform/methanol (2:1)

Substrates Sphingomyelinase

Storage and Shipping Information

Storage -20°C
