Creative Enzymes®

3-(1-Acetylacetonylazo)phthalhydrazide

Cat. No. CSUB-0652

Lot. No. (See product label)

Introduction

Description	Chemiluminescent diagnostic reagent for assaying Helicobacter pylori, which produces urease; much more sensitive than other methods
Applications	Chemiluminescent diagnostic reagent for assaying Helicobacter pylori, which produces urease; much more sensitive than other methods

Product Information

CAS No.	109632-03-3
Molecular Formula	C13H12N4O4
Molecular Weight	288.26
Substrates	Peroxidase
