

3-Acetopropanol-d4

Cat. No. CSUB-0658

Lot. No. (See product label)

Introduction

Description 3-Acetopropanol-d4 is a substrate for alcohol dehydrogenase.

Applications A substrate for alcohol dehydrogenase

Product Information

CAS No. 1215544-11-8

Molecular Formula C₅H₆D₄O₂

Molecular Weight 106.16

Solubility Soluble in Chloroform, Dichloromethane and Methanol

Substrates Alkaline phosphatase

Storage and Shipping Information

Storage Store at -20° C
