

3-Indoxyl phosphate, bis(2-amino-2-methyl-1,3-propanediol) salt

Cat. No. CSUB-0660

Lot. No. (See product label)

Introduction

Description 3-Indoxyl phosphate, bis(2-amino-2-methyl-1,3-propanediol) salt is a histochemical substrate for alkaline phosphatase.

Applications A histochemical substrate for alkaline phosphatase

Product Information

Form	Solid
CAS No.	107475-12-7
Molecular Formula	C ₈ H ₈ NO ₄ P·2C ₄ H ₁₁ NO ₂
Molecular Weight	423.41
Substrates	β-glucosidase
Refractive Index	1.60 (Predicted)

Storage and Shipping Information

Storage Desiccate at -20° C
