4-Hydroxybenzhydrazide

Cat. No. CSUB-0669

Lot. No. (See product label)

Introduction

Description	Reagent for the rapid automated determination of serum glucose. Suitable for fluorescence.
Applications	4-Hydroxybenzhydrazide works as an indicator in the determination of carbohydrates. Tissue (liver) bounded 4-Hydroxybenzhydrazide can be used as a marker to monitor the residue of nifuroxazide (N458500) in chicken.

Product Information

Form	Solid
CAS No.	5351-23-5
Molecular Formula	HOC6H4CONHNH2
Molecular Weight	152.15
Substrates	β-Galactosidase
