4-Nitrophenyl α-L-arabinopyranoside

Cat. No. CSUB-0699

Lot. No. (See product label)

Introduction

Description	4-Nitrophenyl α-L-arabinopyranoside is a substrate for arabinosidase.
Applications	A substrate for arabinosidase

Product Information

Form	Solid
CAS No.	1223-07-0
Molecular Formula	C11H13NO7
Molecular Weight	271.22
Melting Point	205° C
Solubility	soluble in 20 mg/ml in ethanol:water (1:1)
Substrates	β-Galactofuranosidase

Storage and Shipping Information

Storage	Store at -20° C
