Creative Enzymes®

5-Bromo-3-indoxyl phosphate, p-toluidine salt

Cat. No. CSUB-0704

Lot. No. (See product label)

Introduction

Description	Employed as a substrate for alkaline phosphatase, producing a blue colored precipitate when cleaved.
Applications	A chromogenic substrate for alkaline phosphatase

Product Information

Form	Solid
CAS No.	80008-69-1
Molecular Formula	C8H7BrNO4P·C7H9N
Molecular Weight	399.18

Storage and Shipping Information

Storage	Store at -20° C
