5-Bromo-4-chloro-3-indoxyl-α-L-arabinopyranoside

Cat. No. CSUB-0710

Lot. No. (See product label)

Introduction

Description	5-Bromo-4-chloro-3-indoxyl-α-L-arabinopyranoside acts as a substrate for pyranosidase activity measurement.
Applications	A substrate for glycosidase

Product Information

Molecular Formula	C13H13BrClNO5
Molecular Weight	378.61

Storage and Shipping Information

Storage	Store at -20° C
