

5-Bromo-4-chloro-3-indoxyl- α -L-arabinopyranoside

Cat. No. CSUB-0710

Lot. No. (See product label)

Introduction

Description 5-Bromo-4-chloro-3-indoxyl- α -L-arabinopyranoside acts as a substrate for pyranosidase activity measurement.

Applications A substrate for glycosidase

Product Information

Molecular Formula C₁₃H₁₃BrClNO₅

Molecular Weight 378.61

Storage and Shipping Information

Storage Store at -20° C
