

## 5-Bromo-4-chloro-3-indoxyl- $\alpha$ -L-arabinopyranoside

Cat. No. CSUB-0710

Lot. No. (See product label)

### Introduction

**Description** 5-Bromo-4-chloro-3-indoxyl- $\alpha$ -L-arabinopyranoside acts as a substrate for pyranosidase activity measurement.

**Applications** A substrate for glycosidase

### Product Information

**Molecular Formula** C<sub>13</sub>H<sub>13</sub>BrClNO<sub>5</sub>

**Molecular Weight** 378.61

### Storage and Shipping Information

**Storage** Store at -20° C
