

## 5-Iodo-3-indoxyl- $\beta$ -D-galactopyranoside

Cat. No. CSUB-0715

Lot. No. (See product label)

### Introduction

**Applications** A chromogenic substrate for  $\beta$ -D-galactosidase, producing a purple precipitate upon cleavage.

**Synonyms** Purple- $\beta$ -D-Gal

### Product Information

**Form** Solid

**CAS No.** 36473-36-6

**Molecular Formula** C<sub>14</sub>H<sub>16</sub>INO<sub>6</sub>

**Molecular Weight** 421.19

**Substrates** Tryptophanase

### Storage and Shipping Information

**Storage** Store at -20° C
