

Bis(6-chloro-3-indoxyl)pyrophosphoric acid, disodium salt

Cat. No. CSUB-0763

Lot. No. (See product label)

Introduction

Description

Bis(6-chloro-3-indoxyl)pyrophosphoric acid, disodium salt is commonly used as a phosphatase substrate.

Applications

A substrate for phosphatase

Product Information

Molecular Formula

C₁₆H₁₀Cl₂N₂O₇P₂Na₂

Molecular Weight

521.1

Substrates

Kinase; ERK 2

Storage and Shipping Information

Storage

Store at -20° C
