PKG Substrate

Cat. No. CSUB-0923

Lot. No. (See product label)

Introduction

Description	PKG substrate is a synthetic specific substrate for Protein Kinase G (cGKI) with strong preference for PKG II (cGKII) over PKG Iα (cGKIå).
Applications	A substrate for Protein Kinase G
Synonyms	Protein Kinase G substrate; G-Subtide; Glasstide; QKRPRRKDTP

Product Information

Form	Solid
Molecular Formula	C53H96N22O15
Molecular Weight	1281.47
Purity	>97% pure by HPLC
Substrates	Lysozyme

Storage and Shipping Information

Storage	Store at -20° C
