

Egg Trans PE

Cat. No. PHOZ-172

Lot. No. (See product label)

Introduction

Synonyms L-alpha-Phosphatidylethanolamine Transphosphatidylated (prepared from Egg PC)

Product Information

CAS No. 383907-63-9

Chemical Name L- α -phosphatidylethanolamine, transphosphatidylated (Egg, Chicken)

Molecular Weight 726.076 (average based on fatty acid distribution in product)

Purity >99%

Storage and Shipping Information

Storage -20°C

Stability 6 Months
