Flax seed Extract

Cat. No. EXTC-182

Lot. No. (See product label)

Product Information

Source	Flax seed is a high quality source of alpha linoleic acid, an omega 3 fatty acid. It was used as a food source as early as Egyptian times, and is one of the few non-animal sources of omega 3 fatty acids. Because of the importance of omega 3 fatty acids in the body, flax seed is highly recommended as a daily supplement for those who avoid eating animalproducts.
