

Alfalfa Powder

Cat. No. EXTC-098

Lot. No. (See product label)

Introduction

Description

Alfalfa powder is made from fresh alfalfa (Medicago) with high technology. Alfalfa powder is high in protein, calcium, plus other minerals, vitamins in the B group, vitamin C, vitamin D, vitamin E, and vitamin K. Alfalfa powder can be found in modern dietary supplements as an ingredient targeted to lowering cholesterol, increasing energy levels and detoxifying the blood.
