

DSPE-PEG(5000) Folate

Cat. No. PCNZ-012

Lot. No. (See product label)

Product Information

CAS No.	1236288-25-7
Chemical Name	1,2-distearoyl-sn-glycero-3-phosphoethanolamine-N-[folate(polyethylene glycol)-5000] (ammonium salt)
Molecular Weight	6226.473 (average MW due to polydispersity of PEG)
Purity	The product will be 80-85% gamma conjugated and contain 15-20% of the other positional isomer.

Storage and Shipping Information

Storage	-20°C
Stability	1 Year
